NEW BERN, N. C.

"A MODERN CITY WITH HISTORIC TRADITIONS"
FOUNDED IN 1710
POPULATION GREATER NEW BERN, 16,880

PREFACE

A city of charm and achievement, with undeveloped natural resources located in an area of progress and promise. Founded in 1710 by Swiss settlers headed by Baron DeGraffenried, New Bern is located at the confluence of two great rivers, The Neuse and Trent. From this point the early settlers saw a land of promise and settled in great numbers. Other nations sent their settlers to New Bern to begin their new life. You will find traces of French, German, Dutch, and English architecture in the city. Rich in historic buildings, and traditions, New Bern is the second oldest city in North Carolina and can be truly called the "Cradle of North Carolina." It is the historic center of the State.

The steady growth of the city has been due to the wide variety of natural resources which are abundant in this section. Rich in agriculture, forest, and water resources. Industry and agriculture thrive in this area which is blessed with an average mean temperature of 62 degrees. The Gulf Stream is only 75 miles away which enables the community to enjoy warm winters and cool summers. The average winter temperature is 45.4 degrees with an average summer temperature of 79 degrees. 265 days of growing season offers excellent diversified farming activities.

New Bern is the half-way point on the Ocean Hiway which is the historic and scenic route between Northern Pines to Southern Palms. Transportation facilities include three railroads, trucking companies, excellent bus service to all points, water travel and commerce is available on the rivers and at the Port Terminal 38 miles distant. Air travel is complete with two commercial airlines offering excellent daily schedules.

New Bern is the county seat of Craven County. The city government is of the Mayor-Council type offering the city all modern conveniences, including municipally owned water and electric service, a city-wide recreation program, excellent fire protection, city and county police force and headquarters of a troop of state highway patrolmen.

Artificial gas is supplied by Tide Water Power Company. The Carolina Telephone and Telegraph Company offers modern dial telephone service.

New Bern is a well balanced city offering the present and future citizens a wonderful opportunity to prosper and live in a land of plenty. Sports, recreation and climate make New Bern an excellent place in which to live.

For complete information address the Chamber of Commerce, New Bern, North Carolina.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond the city gates.

It is the city's catalogue of business and represents the city, its citizens, business enterprises and institutions in every corner of the United States.

It is, therefore, the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

MILLER'S
Street Directory
—OF—
NEW BERN, N. C.

VOL. VI 1947-1948 VOL. VI

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

A—From National Av west to F, 1 north of Dunn
